

# USRowing Master's National Head Race Championship Trophy Sponsorship Program

Each donated trophy is a perpetual trophy given to the event's winning crew each year. The winning crew is allowed to take the trophy home for display until the following year's Master's National Head Race Championship. The trophy can be named after a loved one, teammate, coach, organization or company.

## Guidelines for trophy sponsorship:

1. Choose an event from those regularly held at the Master's National Head Race Championship. A trophy can only be donated for an event that does not already have a trophy.
2. The trophy will display the winners of the selected event each year, and should be able to accommodate 8-10 plaques.
3. The trophy must state, "USRowing Master's National Head Race Championship"
4. The trophy must state the event the trophy is representing (i.e. The Women's A 1x)
5. The trophy may, though it is not required, state who it is donated by and in honor of (if applicable).
6. The trophy must be designed in good taste.
7. The trophy must be travel/shipping friendly.
8. Provide a donation to the Master's National Head Race Trophy Preservation Fund of \$200 or more.

Please see the attached list of events with trophies. These are the events that are already reserved with trophy sponsorships. Choose an event that does not already appear on this list. If you are unfamiliar with which events are held at the Master's National Head Race Championship, contact USRowing for assistance.

*\*Please note: Depending upon the total number of entries received for an event certain events may not run at each year's Master's National Head Race Championship.\**

## Master's National Head Race Trophy Preservation Fund

Through many years of "wear & tear," many Master's National Head Race trophies are damaged or missing. USRowing and the Master's Committee have started a fund to support the repairing and replacement costs of these lost and damaged trophies. This fund will also support current and future trophy preservation. Donations to this fund are accepted at anytime. Each trophy's sponsorship should include a minimum \$200 donation to the Master's National Head Race Trophy Preservation Fund.
